- **Registration in USOS – make sure you are properly registered in the system.**

Setting up your student account:

https://www.uci.umk.pl/index.php/Studenci_i_doktoranci/en

- **USOSweb – your student “management center”:**

<https://usosweb.umk.pl/>

- **Student Oath – remember to sign the Student Oath in USOS by 7 October!!!!!!**
- The oath must be signed electronically in USOS.
- If you registered before 1 October, you may need to log out and log in again for the Student Oath window to appear. Click the green “Sign” button to confirm the oath.

Important: Failure to sign the Student Oath by the deadline will result in **removal from the list of students.**

- **Rector's Scholarship** – check the application requirements and deadlines for the Rector's Scholarship.

First-year CS students: If you wish to apply for the Rector's Scholarship, you must attach a certificate confirming your grade average from the final year of your Bachelor's degree, provided that there was no one-year break between completing your Bachelor's degree and enrolling in the CS programme.

<https://www.umk.pl/en/study-and-courses/scholarships-and-tuition-fees/>

The Rector's Scholarship application generator will be available from 9:00 a.m. on 12 October 2026 until 11:59 p.m. on 16 October 2026.

Study Program:

Study Plan

<https://cognitivescience.umk.pl/wp-content/uploads/2026/09/1-year-Cognitive-Science-sem.-winter-2026-2027.pdf>

- Students may take elective courses offered by other faculties, and ECTS credits will be recognized in USOS according to the rules of the faculty offering the course.

However, prior approval is required.

- You have to submit a request to dr Karczmarczyk or me before enrolling.

The request should include:

a brief justification,

the course syllabus (to compare the learning outcomes).

The approval is not guaranteed and each request will be considered individually.

- **University-wide courses: No prior approval is required – students may choose these courses freely.**

- Please note that additional registration for elective courses will open today after 6:00 PM.
- We have updated the course limits and added new classes:

The new one:

- Formal Models of Mind and Action – a new course added, limit of 50 spots

More spots:

- Social Media and Text Analytics – 3 additional spots available
- Designing Responsible Research in Cognitive Science – 3 additional spots available
- Psycholinguistics – 5 additional spots available

You can also take some or all of your elective courses during the summer semester. It is possible to take elective courses in Polish.

The link:

<https://ankiety.umk.pl/index.php/621469?lang=en>

Why it's important? It helps with scheduling, seminars, and student mapping.

To be completed by 07 October.

If you want to change your MA supervisor:

1. Get consent from current MA supervisor.
2. Get consent from new MA supervisor.
3. Add coordinator (me) in CC of the email.

This applies even after results are announced (this week, next month, etc.).
